

## **Agriculture Monitoring and Evaluation Specialist Positions**

Clear Outcomes is a Boise based, small, woman-owned, international development management consulting firm. We provide a full range of management consulting, technical assistance, and training services to strengthen international assistance programs, organization, and policies. We provide services globally in the areas of monitoring and evaluation, strategic planning, project and program design, organizational capacity building, and data analytics. Clear Outcomes' services specialize in the areas of health, governance, and livelihoods. Clear Outcomes current clients include the US Government, Canadian government, universities, private sector, multilateral development banks, foundations, and non-profits.

We are currently recruiting Agriculture M&E specialists to provide short term technical assistance for an anticipated upcoming multi-year contract.

### **Agriculture M&E Specialist**

Clear Outcomes seeks senior- and mid-level Agriculture M&E Specialists for short-term consulting assignments on a variety of assessments, evaluations and monitoring and learning assignments focused on international agricultural development projects. Tasks may include desk review, travel to and conducting interviews in the field, analysis and quantitative and qualitative data, presentation of results, and report writing. Potential interventions to be evaluated include animal health and nutrition, access to finance, access to markets, and data analytics for agronomy as relevant to dairy, livestock, and crop production.

We are seeking specialists with experience working in any of the following countries: Bangladesh, Burundi, Democratic Republic of the Congo, Egypt, Ethiopia, Georgia, Kenya, Lebanon, Liberia, Madagascar, Malawi, Morocco, Mozambique, Pakistan, Rwanda, Sri Lanka, Tanzania, Uganda, Zambia, and Zimbabwe.

### **Qualifications**

- Master's degree or higher in a relevant field, such as Economics, Evaluation Sciences, Agricultural Sciences, Public Administration, Business Administration, or other discipline
- 5 years' experience in M&E of international development projects OR in the agriculture sector
- Strong qualitative and quantitative research and analytic skills
- Demonstrated experience working on or leading evaluation teams
- Excellent verbal communication and writing skills
- Robust organizational skills
- Strong attention to detail
- Experience in any of the countries of interest, listed above, preferred

Interested in global development? Want to work with people you like and do good work? Looking for an opportunity to use all of your skills in a continually changing environment? Willing to stretch and learn? Join us as a consultant and work with a strong and growing team.
